The references were cited in an International Search Report issued by the European Patent Office, a copy of which was filed on March 16, 2000 and a further copy of which is attached. As concerns the non-English-language references, attention is invited to the international Search Report where the references, together with any portions of pertinence as viewed by the European Examiner, are listed in the second column.

The first column of the European Search Report lists the international pertinence category for each reference and the third paragraph lists the claims against which the respective references are applied.

The Examiner made the following comments concerning the references:

As to the first reference: "Page 14, line 20-line 29; Figure 4".

As to the second reference: "Page 5, column 6, line 43-page 6, column 7, line 28; Figures 1, 6-8".

As to the third reference: "Column 2, line 5-line 9; Figure 1".

As to the fourth reference: "Column 3, line 9-line 12; Figures 1-4".

As to the fifth reference: "Column 2, line 33-line 35; Figure 1".

As to the sixth reference: "Column 6, line 38-line 52; Figure 14".

As to the seventh reference: "Column 2, line 66-line 75; Figures 3, 5".

As to the ninth reference: "Column 4, line 5-column 24;
Figures 2, 3".

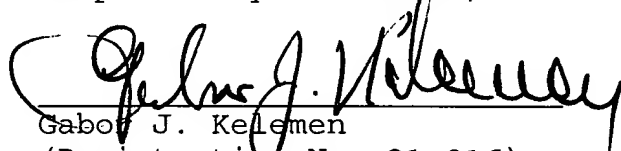

The Examiner made no comments concerning European patent
document 793 303.

By providing an English-language version of the European
Search Report the requirement for a concise explanation of
relevance of non-English-language references is deemed to be
satisfied pursuant to the sentence bridging the two columns
on page 600-101 of the Manual of Patent Examining Procedure,
Seventh Edition (Revision 1, February 2000).

This Information Disclosure Statement is being submitted
within three months from the entry date of the national stage
pursuant to 37 CFR 1.97(b)(2).

Since all the requirements of Rules 97 and 98 have been
complied with, the Examiner is requested to consider the
references on their merit and return a copy of the PTO-1449
Form indicating with his/her initials that the references
were considered.

Respectfully submitted,

Gabor J. Kelemen
